We're based in the UK, but sometimes your personal information may be transferred outside the European Economic Area. If we do so, we'll make sure that suitable safeguards are in place, for example by using approved contractual agreements, unless certain exceptions apply.

8. What should you do if your personal information changes?

You should tell us so that we can update our records. The contact details for this purpose are in your terms and conditions. We'll then update your records if we can.

9. Do you have to provide your personal information to us?

We're unable to provide you with our products or services if you do not provide certain information to us. In cases where providing some personal information is optional, we'll make this clear.

10. Do we do any monitoring involving processing of your personal information?

In this section, monitoring means: any listening to, recording of, viewing of, intercepting of, or taking and keeping records (as the case may be) of calls, email, text messages, social media messages, in person face to face meetings and other communications.

We may monitor where permitted by law and we'll do this where the law requires it, or to comply with regulatory rules, to prevent or detect crime, in the interests of protecting the security of our communications systems and procedures, and for quality control and staff training purposes. This information may be shared for the purposes described above

11. What about other automated decision making?

We sometimes make decisions about you using only technology, where none of our employees or any other individuals have been involved. For instance, we may do this to decide: whether to offer you a product or service, to determine the risk of doing so, the price we will offer, what terms and conditions to offer you, assess business risks, or to assess what payment methods we can offer you. We may also do this using data from other parts of the AA, including product or services details (including usage of them or claims made) and telematics data captured including on your vehicle, driving behaviour and location information.

We'll do this where it is necessary for entering into or performing the relevant contract, is authorised by laws that apply to us, or is based on your explicit consent.

12. For how long is your personal information retained by us?

Unless we explain otherwise to you, we'll hold your personal information based on the following criteria:

- For as long as we have reasonable business needs, such as managing our relationship with you and managing our operations;
- For as long as we provide goods and/or services to you and then for as long as someone could bring a claim against us; and/or
- Retention periods in line with legal and regulatory requirements or guidance.

13. What are your rights under data protection laws?

Here is a list of the rights that all individuals have under data protection laws. They don't apply in all circumstances. If you wish to use any of them, we'll explain at that time if they are engaged or not. The right of data portability is only relevant from May 2018.
